SKILLS

- **Programming:** C, C++, Python, Java
- **IoT & Embedded Systems**
- **Microcontrollers:** Arduino, ESP8266, NodeMCU, STEM32
- **Sensors & Actuators Integration**
- **Communication Protocols** (WiFi, RF - NRF24L01)
- **Raspberry Pi**
- **Web Basics:** HTML, CSS, JavaScript
- **Database:** MySQL
- **Tools:** Git, GitHub

PROJECTS

- **Selective Signal Jammer**
 - Selective Signal jamming prototype using NodeMCU + NRF24L01
- **Smart Cart**
 - IoT cart with barcode scanning for instant billing.
- **Live Bus Route Tracker**
 - SMS-triggered system that sends back the live bus GPS location.
- **Smart Universal Remote**
 - NodeMCU-based IR universal remote with mobile control.

ABOUT US

Motivated and passionate IoT & Embedded Systems enthusiast with hands-on experience in developing smart automation solutions using microcontrollers and sensors. Seeking an opportunity to apply my technical skills in real-world IoT applications while continuously learning and contributing to innovative projects.

EDUCATION

Bachelor of Technology [IT]

RK University

2023 - 2027

5th Semester - 7.70

6.71 CGPA

HSC

Swami Vivekanand Sankul - Una

2023

Percentage: 50.00%

SSC

Abhinav Vidhyamandir - Gir Gadhada

2021

Percentage: 56.00%

ACHIEVEMENT/CERTIFICATION

- IDE Bootcamp - 2nd Edition (2024)
- Saurashtra Startup Summit 2.0 (2025)
- Python for Data Science - NPTEL (2025)
- All India Idea & Innovation Competition - NCC (2025)
- Introduction to Internet of Things - Cisco (2025)
- 30 DAYS MASTERCLASS IN EMBEDDED SYSTEM DESIGN & IOT (2025)
- How IoT & AI Are Revolutionizing Workplace Safety (2025)
- Project Exhibition - Techno Planet (2024 & 2025)

INTERNSHIP

Trainer

APR 2025 - MAY 2025

Robo Kids World, Virtual

- Conducted IoT/robotics training and created project kits with a structured syllabus.
